Azulejos are the ceramic tiles with drawing on the surface. It can be found on the interior and exterior of churches, palaces, ordinary houses, schools, and nowadays, railways or subway stations.

## *Museum of Azulejos*

The word azulejo is derived from the Arabic language and Tiles itself were brought from african portuguese colonies

A photograph of the Vasco da Gama Bridge in Lisbon, Portugal, taken at dusk. The bridge's two massive pylons and the network of stay cables are illuminated with warm lights, contrasting with the cool blue and purple tones of the twilight sky. The bridge deck extends into the distance, supported by a series of vertical piers. The water below is dark and calm. A large yellow triangle is overlaid on the right side of the image, containing the title and descriptive text.

# VASCO DA GAMA BRIDGE

*The longest bridge  
in Europe.*

Total length of this bridge is 12.3 km (7.6 mi)  
and it is dedicated to the Portuguese explorer  
and the first European to reach India by sea.
